McNAIR Scholars Program

UMBC
AN HONORS UNIVERSITY IN MARYLAND
The McNair Scholars Program at UMBC

Program Description

Funded by the U.S. Department of Education, the Ronald E. McNair Post Baccalaureate Achievement (McNair Scholars) Program provides experiences that prepare eligible students for graduate education. Annually, McNair Scholars are selected from among eligible UMBC students to participate in a variety of activities designed to prepare them to progress towards earning doctoral degrees. Eligible participants are defined as low-income and first-generation college students or are members of groups who are underrepresented in graduate education.

Program Eligibility

UMBC students who meet the following criteria are encouraged to apply for the McNair Scholars Program:

- 2.7 GPA or better with sophomore, junior or senior standing
- U.S. citizen or permanent resident
- First generation college student (neither parent has earned a baccalaureate degree)
  and
- A low family income level as established by the U.S. Department of Education
  or
- Member of a group that is underrepresented in graduate education

All students who wish to be considered must submit an application to the program office. Faculty, staff and graduate students will review applications, interview applicants and make recommendations to the program director who will make the selections.

Application Deadline

Applications made to the UMBC McNair Scholars Program are accepted on a rolling deadline. They are reviewed annually during the Fall semester.

Program Activities

For each McNair Scholar there are counseling sessions during which goals are set and individual plans are developed for achieving those goals. In addition, scholars attend weekly seminars on negotiating the graduate school process, including selecting a graduate school, writing the personal statement and obtaining financial aid. Non-academic variables, library methodology and making effective research presentations are among the subjects covered in these seminars.

Other program features include:

- A course in research proposal writing
- Orientation visits to research facilities and graduate schools
- Faculty mentoring
- Preparation for graduate school entrance examinations
- Discussions with individuals who have completed their doctoral degrees
- Opportunity to compete for the Summer Research Institute

Our project’s goal is to make all materials and activities accessible to all participants. Please inform project staff of accessibility barriers you encounter and request accommodations that will make project activities and information resources accessible to you.

IV. Additional Requirements for Applicants

A. Recommendations: Attached to this application are three recommendation forms. Two recommendations must be from faculty in your major. Each recommender is requested to send the form directly to the McNair Scholars Program. In the space below, please list names, titles, addresses and telephone numbers of your three recommenders.

(1) 

(2) 

(3) 

B. Personal Statements: Present each statement on a separate sheet of paper and attach to your application packet the following:

1. Proposed Research Project — Summarize, in 50 words or less for each, at least two and no more than three topics you would be interested in researching during the Summer Research Institute. If you have a mentor with whom you will work, please identify him or her.

2. Program Interest — Explain your interest in the UMBC McNair Scholars Program (no more than 300 words), detailing what you would like to gain from participation and how such participation can affect your personal interests and objectives. This statement will be read by staff and faculty members to evaluate your potential participation in the program and to assist in determining a mentor for your research if you do not have one.

My signature below indicates that, to the best of my knowledge, the information given on this application is true and accurate.
