

ARE YOU A FIRST GENERATION COLLEGE STUDENT?

Do you have any advice for your fellow students?

21.6 million
undergrads in U.S.
Higher Ed today.

National Center for Education Statistics (2013).
Projections of Education Statistics to 2021. Washington,
DC: National Center for Education Statistics.

**50% enrolled are first-
generation students**

**Minority students make up
the largest demographics
of first-generation students**

**27% of first-generation
students graduate
within 4 years**

The Office of Academic Opportunity Programs is looking for first generation college students who would be interested in participating in an advice video for prospective students and improving these statistics!
